Course Description:

American Sign Language II (ASL 2) focuses on continuing the integration of expressive and receptive skills with emphasis on fingerspelling, numbers, glossing, signs, phrases and sentences at the beginning level. ASL is NOT English. Deaf people have their own culture and their language has its own syntax and rules. This course will provide students with information on general usage of signs and grammatical structure for simple and complex sentences as well as introduce them to the culture of the Deaf.

You Should Know: There is no national AP test for ASL. While levels 3 and 4 are considered Pre-AP, they are not designed to prepare you for an AP exam.

Grading Policy: I do not give grades...you earn them. The High School Grading Guidelines will be followed. The best way to keep track of your grades is by signing up through *Skyward*. Grades are weighted as follows:

| | |
|--|-----|
| Major Grades (Exams/Projects) | 50% |
| Minor Grades (Daily Assignments/Quizzes) | 30% |
| Daily Grades (Class Participation) | 20% |

The Conduct Grades will reflect your classroom citizenship.

All assignments are due on the specified date. Late work will be managed according to SFHS guidelines. See "Classroom Procedures" for more detailed information.

Remind: I do use the Remind App for class communication. Students and parents can sign up to receive text messages as they are sent out. To do so, download the Remind app then send a text to 81010 with the message @sfhs-asl2

Supplies: Folder or Composition Book if you want
Laptop (for both in-person and virtual learning)
Internet Access at home

Classroom Expectations
2020-21

ASL classes at Santa Fe High School will be conducted in the target language as much as possible. Second language acquisition research indicates that students learn a new language most effectively when immersed in that language. Furthermore, using ASL shows respect for the American Deaf Culture. Some students might (understandably) feel slightly uncomfortable during the beginning stages of this process, but they will adjust as they gain confidence in themselves and in their ability to communicate visually. I will use visual cues, gestures, and contextual language to ensure that students are successful. If parents have concerns about this methodology, I will be available to answer any questions.

Expectations:

1. Be ready at the bell.
2. Cell phone use will not be permitted during instruction.
3. Pay attention.
4. Sign as much as possible.
5. Show respect.

Consequences:

Students who cannot follow classroom expectations will receive the following consequences:

1. Warning
2. Teacher-Student Conference
3. Teacher Detention and Parent Contact
4. Teacher-Parent-Student Conference
5. Office Referral

(Severe discipline issues will receive an immediate office referral.)
